Metaphysical Teaching Education Program Master Of Religious/Metaphysical Education Standards for Graduation

Graduation from the Metaphysical Teaching Education Program is granted when you provide evidence of being prepared to practice the metaphysical teaching profession. This evidence is more than spending a certain length of time in training and completing designated courses. Evidence of being prepared to teach metaphysics emphasizes spiritual, mental, and emotional maturity; devotion to a life-style of service to others; metaphysical, spiritual and intellectual clarity about the purpose and meaning of the metaphysical teaching profession; and the demonstrated skills to work effectively with people, organize one's own life, and understand administrative responsibilities appropriate to your chosen field of service. Specific requirements are:

1. The satisfactory completion of a minimum of 36.5 credits of work over a minimum period of three calendar years. This includes an internship of 3.5 credit hours (52.5 contact hours) to be performed during this period.
2. Any additional requirements that the faculty may assess as a result of reviews or conferences.
3. All work counted toward the hours required for graduation must be completed with the grade of E (excellent) or S (satisfactory).
4. Evidence of such metaphysical, spiritual, mental, and emotional maturity as will support the judgment, by the faculty, of your readiness and fitness as a metaphysical teacher.
5. Recommendation of the faculty.

Graduation from the CMS Metaphysical Teaching Education Program does not mean automatic certification as a metaphysical practitioner, teacher, or administrator. A student who successfully completes the prescribed three-year course of study shall receive a degree entitled Bachelor of Religious/Metaphysical Education. Individual Intern Programs will be customized to the availability of each student by the CMS faculty advisor. Service hours performed will be converted to credit hours and entered on the official student transcript.

Internship and Certification

A student successfully completing the prescribed three-year course of study shall receive a diploma entitled Bachelor of Religious/Metaphysical Education. Students may begin their internship program after the first year of course work is complete. If accepted to the intern program the student will then spend the remaining time developing skills and demonstrating teaching ability by performing such duties under the supervision of a faculty advisor or a CMS certified teacher or ordained minister. A student is required to perform 52.5 hours (3.5 credit hours) of service time as prescribed by the faculty advisor. At the successful completion of the internship program, and upon recommendation of the faculty advisor, CMS certified teacher or ordained minister the student will receive a Teaching Certification from The College of Metaphysical Studies.. The internship can include, but is not limited to the following:

1. Assist curriculum director and/or Dean of Education.
2. Serve as a senior teacher in a supervised classroom.
3. Develop and teach a mini workshop.
4. Any combination of the above or other projects approved by the CMS.
