Open the Eye of Your Soul

The College of Metaphysical Studies course **Introduction to Inner Spirituality** will be held on three Saturdays (Oct 1st, Oct 29th and Nov 12th) from 10am to 2pm at CMS Clearwater Campus: 18514 US 19 N. The instructor is Carla Beetar. Payment will be \$45.00 per 3 session class payable at registration unless otherwise specified. Special financial arrangement can be made, in advance, on a case-to-case basis.

The master key to unlock the doors of inner perception, open all the inner faculties, is spiritual insight. This course is devoted to the encouragement of insight in others, through meditation, through recognizing insight in itself, and through developing the “divine knack” of letting in sights happen.

There is a creative process that no teaching or religion can ever systematize or formalize, which is why the best creed cannot guarantee answered prayer.

Inner Spirituality honors all truths as reflections of the One Truth. We believe pure intuition, “the eye of your soul,” makes possible your seeing the Life of your life, the Mind of your mind, the Love of your love – the One Self within many selves. Divinity is identified within us all as Inner Spirituality. Every authentic mystic and illumined metaphysician knows the yoga of the East and the West recommends union of self with God or higher power, the attainment of Christhood as Christians name it.

You, for your part, can find self-realization and supreme fulfillment by letting your Inner Spirituality become what It chooses to be. You experience divine unfoldment of the God in you and through you as transcendent states of consciousness. Always be mindful, however, that the glorification of God will not be distracted by personal gains unsuited to Its own end. An ancient teacher of Tao expressed what is called “Letting go and letting God” in this very profound yet simply stated poetic form of wisdom:

**The student learns by daily increment. The Way is gained by daily loss,
Loss upon loss until at last comes rest.**

**By letting go, it all gets done; the world is won by those who let it go!
But when you try and try, the world is then beyond the winning.**
